

GAS HEATER

TESY LD-168D

Control Panel

Functional and convenient control panel with 3 power settings and piezoelectric switch-on.

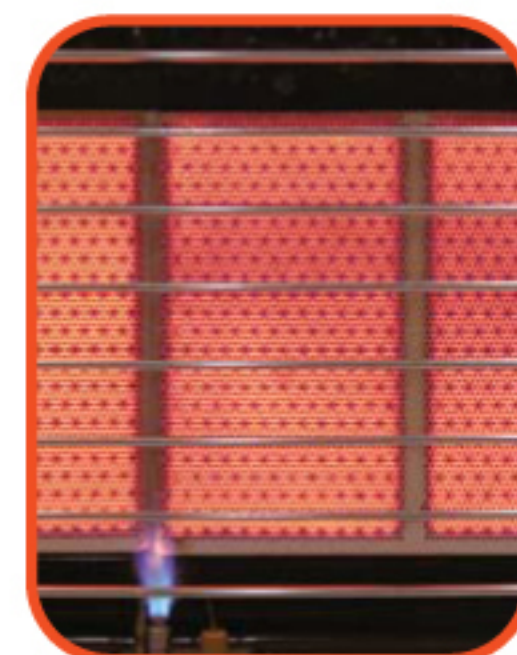

Folding platform

Convenient , easy folding platform which ensures space saving when moving or storing the appliance.

Front panel

TESY gas heaters are equipped with 3 heating plates made of micro perforated ceramic material with excellent thermal resistance.

- **Piezoelectric switch-on**
- **Convenient control panel**
- **3 power settings**
- **Maximum power 4200 W**
- **Tilt switch**
- **Fast heating**
- **Soft design without sharp edges**
- **Easy movement**

Safety

The heater is equipped with a security system ,which immediately stops the gas inflow in case the flame diminishes, or if the level of the carbon dioxide in the environment exceeds 1.5%

Technical characteristics		
Unit dimensions L/B/H	mm	423x280x736
Weight (net)	Kg	7.4
Gas category		I _{3B/P(30)}
Type gas		G30
Inlet pressure	mbar	30
Rated power	min./mid./max. W	1550 / 2900 / 4200
Max gas consumption	gr/h	305
